

Gas compressor package for Integrated Pilot Plant

Performance

- Suction capacity: 216 kg/hr @ 0.4 bar(g)
- Discharge pressure: 12.9 bar(g)

Specification

- ATEX zone 2 3G T3 Gas Group IIB
- Noise < 80 dBa @ 1m
- CE-certification
- Shell DEPs

Features

- Corken model T791 two stage reciprocating compressor
- LOHER Eexde IIB T4 E-motor 22 kW @ 750 rpm
- Water cooled
- Local EXp type control panel based on Honeywell PLC
- Noise hood

Application

- Onshore, The Netherlands
- Recycle compressor for integrated pilot plant
